## Golf Professional Section

What a great season! Thank you for the outstanding tournament participation. The One Day Member Guest tournaments (May & August) were filled to capacity. The Couples Twilight events were very well attended, and the Men's & Women's Club became a weekly mainstay.

Our inaugural Match Play Championships was seriously contested. On the women's side, Nancy Smith outlasted a talented field by edging Susan Stoltz in the final match. The men's championship flight battled from the Gold Tees, Mike Downey beat Greg Mokler 1 up in the finals. The men's net flight had John Conway edging Scott Thomas to take the title. See page 5 & 6 for more 2009 tournament results.

Please remember that Credit Book balances expire on December 31st. See information on this year's Holiday Sale on page 8. Contact me for the latest deals in equipment and apparel.

Thank you for a great 2009!

See you on the tee.

Sincerely,

**Ben Zatz**  
PGA Head Golf Professional

### 2009 PLAYER OF THE YEAR

The Player of the Year was determined by the number of tournament points earned for the 2009 season. On the Men's side, Mike Downey won the title by taking the Club Championship and Match Play Championship crowns. Jessica Noffsinger continued her strong play into 2009, by winning the Women's Member Guest and defending her title in the Club Championships.

**Both Player of the Year winners will receive \$100 Credit Book for their accomplishments**

## Super's Section

The golf course has matured to allow optimum playing conditions. I hope you enjoyed the season.

In October you may have noticed subtle changes in turfgrass heights of greens, tees and fairways. Bringing the heights up allows more energy to be stored before dormancy. Mowing the native grasses mid Fall produces a healthier native area for next season.

We've completed aerification of the practice facility tee and all tees on course. During November roughs and fairways will also be aerified.

The greens are now healed & consistently a 12 on the stimp meter, before the snow hit. Please remember to sand and seed your divots and repair your ballmark plus one other. As of November 23rd, cart path only rules apply until Spring, in order to preserve the course from unnecessary damage during dormancy.

We are now in frost season, please be aware of delayed start times. When the temperature is below forty degrees we will most likely have frost. Please contact the professional staff for the latest information.

As always, if there are ever any questions, please don't hesitate to ask by email at [mitch@harmonyclub.info](mailto:mitch@harmonyclub.info) or by calling (970) 224-4622 ext.112.

**Sincerely,  
Mitch Bowers  
Golf Course Superintendent**

### Did you know?

When you step on grass that has frost, you are shattering the cells in the turfgrass. These cells help move water and nutrients throughout the plant. When these cells die it creates an imprint needing two to four weeks to recover under optimum-growing conditions.
